Commercial Refrigeration Equipment General Specification

DMC SERIES—HORIZONTAL DISPLAY CASES

Versatile, horizontal display cases for displaying specialty foods, deli items and beverages. DMCS models are equipped with front sliding, triple pane tempered glass doors for easy customer access.

CABINET CONSTRUCTION

Heavy duty construction includes exterior of heavy duty, white coated steel and white aluminum interior sides. Steel and covered corner stainless steel floor for easy cleaning and complete with drain and hose connection at lower rear of cabinet 2" from the floor. Stainless steel top standard. Stainless steel exterior option available.

Cabinet front on DMC models are supplied with a large triple pane tempered glass window with fluorescent light interior for easy product viewing. DMCS models are equipped with front sliding, triple pane tempered glass doors for easy customer access.

Stainless steel mezzanine shelves included are adjustable to either a slanted or leveled position. Optional shelf light is available.

Units feature lower storage area accessible through a solid hinge door at bottom rear.

Cabinet insulation is CFC and HCFC-free foamed-in-place polyurethane of two-inch minimum thickness.

REFRIGERATION

Equipped with a gravity coil refrigeration system complete with automatic defrost clock to enhance the preservation of meat and deli product. Systems are designed using CFC and HCFC-free R134a refrigerant.

ELECTRICAL

All models require a hard wire connection. Accessory plug and light switches (115 volts).
