## SALAD AND VEGETABLE DRYERS GREENS MACHINE / VP-3

### The Most Effective Way to Dry

- PNC 601560 (20 gallon capacity)

The Greens Machine saves up to 15% of a salad's most expensive ingredient - dressing. Salad dressing adheres better to drier greens, eliminating expensive waste that slides off vegetables into the bottom of the bowl. The Greens Machine can also be used as a quick one-step lettuce prep system. Simply place cut-up lettuce in the sanitary innerliner, rinse, spin-dry and store in an airtight container in the cooler. Expensive double-handling is eliminated, and cut lettuce stays fresh up to three days. The Greens Machine is ideal for preserving green pepper toppings for pizza, vegetables for stir frying, and more.

### SPECIFICATIONS

- The Greens Machine rotates at the ideal speed, removing the optimum amount of water without damaging fragile foods.
- It quickly and easily dries up to 16 heads of lettuce in under 5 minutes.
- Durable polyethylene construction.
- Gravity drain -1 ½" O.D. (38mm).
- Low center of gravity for stability.
- Adjustable on/off timer.
- Operating cycles up to 5 minutes.
- Completely enclosed water-tight motor.
- Casters with brakes.
- 8' Grounded electrical cord.
- Built-in drain reservoir.
