There’s a good reason why the Hollymatic Super is found in more restaurants, supermarkets, drive-ins, small locker plants, and institutions than any other patty machine. The Super is an industry favorite for producing high quality patties. It's the most popular patty machine ever built.

- Forms patties up to 8 oz. in weight, from 3/16” to 3/4” thick.
- Produce up to 2,100 patties per hour with reliable portion control.
- Automatic side notch paper interleaving.
- Safety Interlocked.
- Mold plate changes, simple and fast.
- Fast, easy clean-up with one tool disassembly. For more information contact Hollymatic or your local authorized Hollymatic Dealer today!
