Precision Metal Fabrication

# Marinator

## Our New Lid Reduces Marination Time to 10 Minutes.

- FEATURES:**
- ✦ 10 minute cycle time supports higher production levels by allowing workers to perform other tasks during the marination cycle. This would not be possible with a shorter cycle time.
  - ✦ Easily cleaned and durable stainless steel construction ensures sanitary marination and NSF approval.
  - ✦ Internal torque limiter between drum and gear motor for operator safety.

<b>ACCESSORIES:</b>	<u>Part Number</u>	<u>Description</u>
	202418	10 Minute Lid (For QMM4 or FMA015)
	900036	Replacement "O" Ring (For 200094)
