STAINLESS STEEL CONSTRUCTION

ARS-4 shown with ADJ-NW and TLD Series dispensers. See pages 36-37 for additional product details.

ARS-6 shown with ADJ-NW and TLD Series dispensers. See pages 36-37 for additional product details.

EZ-3EZ shown with ADJ-NW and TLD Series dispensers. See pages 36-37 for additional product details.

WMB-3

Three cup or lid dispensers easily attach to the optional stainless steel wall mount bracket to simplify installation of multiple dispensers.

EZ-3EZ

**ARS-4 & ARS-6 ROTATING STANDS**

Rotating dispensing stands may be ordered complete with any ADJ-NW or TLD Series dispensers giving you a variety of options for custom configurations. The quick-release mounting brackets attach dispensers to these stands easily.

**EZ-3EZ STATIONARY STAND**

Stationary dispensing stand can be ordered complete with any ADJ-NW or TLD Series dispensers and utilize the same easy-to-use mounting brackets.

**WMB-3 WALL MOUNT BRACKET**

holds three ADJ-NW Series Pull-Type cup dispensers and /or TLD Series lid dispensers.

All **DISPENSE-RITE** stands feature quality components for long lasting dispensing reliability. Simply pick a stand and specify the proper dispenser(s). See page 36-37 for compatible cup and lid dispensers.

SFL-ADJ

SFL-TLD

**SFL-ADJ & SFL-TLD PORTION CUP & LID DISPENSERS**

Stainless steel units are designed to dispense a variety of 2 oz. to 6 oz. cups and containers. The SFL-ADJ portion cup dispenser is top loading and self-adjusting. It is ideal for use with portion cups for condiments or dressings. Units mount to a wall or vertical surface. Includes a stainless steel mounting bracket. Countertop stands are also available.

| Model Number  | Cup / Lid Rim Diameter | Tube Diameter | Tube Length | Paper/Plastic Sizes | Foam Sizes          |
|---|------------------------|---------------|-------------|---------------------|---------------------|
