

Clusterslicer™

Key Features:

- Enables you to increase bakery sales by responding to consumer demand for pre-sliced, freshly baked buns without substantially increasing labor costs
- Accommodates a wide variety of bun shapes and types with easy: to-use adjustments
- Slices four, six, eight, or more buns hinged in a single operation
- Compact design makes it easy to incorporate into existing work flow and space
- Engineered for reliability and maintenance-free operation: welded steel frame and stainless steel product contact parts
- Powerful, dual high-speed 1/3 horsepower motors
- Can also be used to slice individual buns and bagels
